

California-Hawaii Elks Major Project, Inc.

*Elizabeth Holzhauser
and
Nicole Smith
2007 Winners of the
Community Leaders Award
presented by
Molina HealthCare of California*

Elizabeth Holzhauser (left) and Nicole Smith (right), through their efforts toward enhancing the vision health of children throughout the Riverside and San Bernardino areas, were presented the ***Community Health Professional Award*** by *Molina HealthCare of California*.

Molina HealthCare is a nationally accredited HMO located only in the Los Angeles/Riverside/San Bernardino areas of California at this time.

Elizabeth and Nicole work with the Head Start Programs in the Riverside and San Bernardino areas and screen thousands of children who would not otherwise receive screening for vision problems.

The Head Start Program of San Bernardino County received \$1,000 from Molina Health Care of California as a “thank you” for submitting the “winner” of this prestigious award.

Because of the generosity of the Elks of California and Hawaii, many of these children receive glasses and much needed care and services for their eyes that would not otherwise be afforded to their families.

Elizabeth and Nicole have both been asked to serve as members of the Advisory Board for Molina HealthCare of California.
