

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Denise (Denise Wilson, Physical Therapist) was very kind and gentle with my daughter. She seemed to really care about her and was sad when she could no longer come. I think the program is a very good thing to have and you guys helped a lot of children. Denise is a good asset to the program.

Gina (Gina Murphy, Pediatric Vision Screener) does a thorough job and works well with our preschoolers. She has a gift to be able to put them at ease and understands their limitations. We look forward to seeing Gina every year and are so appreciative of the service provided. Gina is a treasured friend to all our staff.

Ms. Linda (Judy Linda, Occupational Therapist) is an excellent occupational therapist. She really understands children and all the creative ways to help those who face challenges. Especially beneficial for us was the fact that Judy could travel to our home to work with Elizabeth. We had a new baby in the home and live in a fairly remote area so I doubt my daughter would have been able to take advantage of Judy's services otherwise. Also Elizabeth really works best in a familiar environment. I'm grateful Judy was able to make the drive.

This program and Ms. Uetake (Hedley Uetake, Speech-Language Pathologist) were such a blessing to my daughter and our family. Our daughter really needed this. We really are impressed with her progress. This was such a gift to our daughter. I'm very glad she was able to start kindergarten with confidence and able to communicate with her peers. The end of this program was bittersweet for us. We are happy to go on to the next step but my daughter will miss her, "Ms. Hedley". Thank you so very much for this service. You really make a life changing experience for families.
