

## NEWS FROM YOUR ELKS MAJOR PROJECT . . .

I loved working with Brian (Brian Ferri-Taylor, Physical Therapist). He showed me how to work with Jonathan during the week. He was always available if I needed to ask questions. It was a pleasure to work with him.

\* \* \* \* \*

Katie (Katie Mackay, Pediatric Vision Screener) did a great job making the children feel comfortable and secure.

Karen (Karen Anderson, Speech-Language Pathologist) is awesome. She really gets Jacob to interact and use his speech. She has taught me how to give him choices so that he has to use his words. I appreciate her care and instruction with Jacob. I have no suggestions to improve an already wonderful service. We are so thankful for his speech therapy. It has given me tools to continue helping Jacob.

Judy Linda (Occupational Therapist) is EXCELLENT in what she does. It has been phenomenal to see changes in my daughter. There needs to be TWO or SIX of her!! I think this program is very needed. I wish I had participated in it much sooner.

We really appreciate and like Denise (Denise Wilson, Physical Therapist). We feel she is experienced and very good.

A coin a day so they can walk, talk, see and play!
