

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Preschool Directors thank the Elks:

We greatly appreciate your organization providing this service {Preschool Vision Screening} for our children.

* * * * *

Linda {Linda Nay-Morgan, Pediatric Vision Screener} is always courteous, professional and pleasant. We and the parents of our students are most grateful to her and to the Elks Major Project for providing this valuable service. We schedule the screening every year and have been more than pleased and satisfied each time Linda has come. Because of your screenings, several children have had their vision corrected in a most timely and appropriate way.

Thank you for allowing us to participate and benefit from this generous program!

Parents grateful for therapists:

Halana completed her speech therapy after five months of weekly visits. Her speech was much improved in the first couple of weeks and her frontal lisp was corrected 100% shortly after the end of therapy. We were thrilled with the services provided to us. Charlene {Charlene Robles, Speech-Language Pathologist} was very professional and Halana looked forward all week to her visits. The outcome was more than we had ever hoped for. We will always be grateful for the treatment Halana received!

I think Denise {Denise Wilson, Physical Therapist} is wonderful. She is so sweet and she really knows what she is doing. I have seen much improvement in my son.

A coin a day so they can walk, talk, see and play!
