

NEWS FROM YOUR ELKS MAJOR PROJECT . . .

Thanks go to Therapist:

I would like to thank Hedley (Hedley Uetake, Speech-Language Pathologist) for taking the time to help me as a mom to help my child overcome some speech problems I felt my daughter had. She has been a great support to me. Hedley has helped me by giving wonderful ideas, suggestions and support when working with my child. I would also like to thank the Elks for providing this service. I was at a loss of words when she took me on as a client, only because I was being denied by other agencies. They felt my daughter's condition wasn't severe enough to qualify.

Maria Martin (Physical Therapist) is really great with Nick. She knows how to motivate him and he lights up when he sees her. Maria has really helped us understand the physical therapy, how to work with Nick and how important it is to do his "exercises" several times a day. Thanks Maria!

Preschools and Day Care Centers Appreciate Elks Pediatric Vision Screeners:

Linda Pinnell (Pediatric Vision Screener) is very professional and kind. The students feel safe and at ease with her.

Thank you for allowing Mrs. Pinnell to do the vision screening at our school. We hope she can do the screening again for us next year.
